

REMARKS

The present response submits a substitute CRF Diskette in response to a further CRF Diskette Problem report which was identified by the undersigned upon a recent review of the PAIR site at the U.S. Patent and Trademark Office. For the Examiner's information and reference, a copy of the PAIR report and the CRF Error Report are attached hereto.

The present submission includes a substitute computer readable form (CRF) of the Sequence Listing; a substitute paper copy of the "Sequence Listing" and an Amendment directing its entry into the specification; a statement that the content of the paper and computer readable copies are the same, and that no new matter is included. Likewise, as the present submission is in further and renewed response to a requirement imposed in an Office Action mailed on March 28, 2006, a copy of the Notice to Comply from that action is likewise enclosed.

No fees are believed to be due, however, authorization is herein given to charge any fees, including for any time extensions, to Deposit Account 11-1153 of the undersigned.

Applicants believe that the present submission is fully compliant with the requirements respecting the placement of proper sequence information on the record and that processing of the present application through appeal can continue. Such early and favorable action is accordingly courteously solicited.

Respectfully submitted,
